

# VENATOR ALTERNATIVE INCOME FUND *December 2021*

## FUND OVERVIEW

Venator Alternative Income Fund is a long-bias North American yield mandate that strives to generate an annualized return of 5%-10% over time, with relatively low volatility and an emphasis on capital preservation. The Fund strives to deliver improved downside protection and better risk-adjusted returns as compared to traditional fixed income funds.

The underlying investment strategy is best described as 'yield plus' which, more specifically, refers to the approach taken towards finding opportunities that combine attractive yield with the potential for additional return, without taking unnecessary risk(s).

**DISCLAIMER**

Commissions, trailing commissions, management fees and other expenses all may be associated with investing in any of the Venator Alternative Mutual Funds. Please read the prospectus and Fund Facts relating to each Alternative Mutual Fund before investing. The indicated rates of return of the Venator Alternative Mutual Funds are the historical annual compounded total returns, including changes in share or unit value and the reinvestment of all dividends or distributions, and do not take into account sales, redemption, distribution or optional charges or income taxes payable by any securityholder that would have reduced returns. Mutual funds are not guaranteed, their values change frequently, and past performance may not be repeated. Performance data prior to January 23, 2020 for Venator Alternative Income Fund relates to Class F Units of Venator Income Fund, which was distributed to investors on a prospectus-exempt basis in accordance with National Instrument 45-106.
